Official USWGO Founder Brian D. Hill letter to the Rockingham County Sheriff

Subj: Request that you as the Rockingham County Sheriff do not obey the Unlawful provisions of the NDAA

Dear Samuel S. Page, Sheriff of Rockingham County,

I Brian D. Hill a concerned law-abiding citizen of Rockingham County am deeply concerned with the passage of the National Defense Authorization Act for fiscal year 2012 into law. I have made a speech at the Mayodan Town Council that was directed at Phil Berger (State Senator and town attorney), the town council, and the current Chief of Police Charles Caruso. I also gave documentation to them all explaining why any law enforcement that enforces the NDAA's indefinite detention provisions which will lead to kidnapping/abduction.

USWGO Founder Brian D. Hill has sent a letter to Rockingham County Sheriff Samuel S. Page of North Carolina begging him to not follow the Unconstitutional and unlawful provisions of the NDAA 2012 law also known as the National Defense Authorization Act for fiscal year 2012. enforce the Indefinite detention portion of the NDAA.

It hasn't been confirmed as of yet on if he has received the fax or not whenever I called the Sheriffs office number. The Sheriff may respond to my letter which will be big news if he decides to go against the NDAA since I cited the laws which allows him by law to go against the NDAA.

Also a [petition](#) has also gone underway to get the towns/cities within the county, the Rockingham County Government, and the state Government of North Carolina to pass resolutions similar to that of [HB1160](#) in the Virginia House of Delegates to Nullify the Unconstitutional provisions of the NDAA since any laws which are repugnant to the Constitution are null and void (Marbury V.

Madison Supreme Court ruling).

The NDAA allows for the indefinite detention of U.S. citizens and lawful residents which means the extent of kidnapping/abduction, bestiality of the victims pets under military law, rape and molestation, torture, and other terrible acts would head for anyone who could be suspected of terrorism. The problem is the terrorism definitions can apply to whistleblowers, journalists, reporters, political activists, those that J-Walk, those that go over the speed limit, and those that criticize the Government can be secretly detained and tortured.

Even a **FEMA Commander** stated to a group of Police and Firefighters that Americas founding fathers and Christians are terrorists according to a leaked video by a Patriotic fire fighter from Missouri according to one of Alex Jone's films, 9/11 the Road to Tyranny.

Even Rand Paul has sent a letter to Virginia Governor Rob McDonnell on his concern of the NDAA which USWGO has obtained a copy of and will present in USWGO's special report to the North Carolina State Government.
